Matchmaking @ Health Tech Hub Styria (HTH) – Pitch & Partner 2019

Date: 15 January 2019

Venue: MED CAMPUS Graz - Medizinische Universität Graz, 8010 Graz, Austria

The Health Tech Hub Styria (HTH Styria) is an initiative of 5 leading stakeholders in the Styrian innovation system in the South Eastern part of Austria. The event will be organised in cooperation with [Shizim XL](#), Israel's leading biotech accelerator.

The goal of the event is to provide a new format of partnering event for technology transfer, academia/industry collaborations, early-stage innovations and a European marketplace for pre-seed and seed investments in the health tech and life sciences field.

Main topics:

- Medicine, human health
- Biology/biotechnology
- Micro- and nanotechnology related to biological sciences
- E-health
- Industrial biotechnology
- Genome Research

For whom?

- Healthtech and biotech start-ups
- Researchers
- Investors
- Companies from the healthtech and biotech sectors
- Users e.g. hospitals, physicians and other end users
- E-health experts
- Regional and national stakeholders

What can you expect?

Make promising contacts in pre-arranged meetings!

PLUS:

- Conference
- Pitch your project idea and/or company and book a booth (Deadline: 14 December 2018)
- Get an overview from other pitches of what's going on in the healthtech and biotech scene

Agenda and Registration: <https://www.hth-styria.com/> (Deadline for registration: 7 January 2019)

The participation is free of charge. The official language used at the event is English.
